

NOTE: This Seven Year Plan of Major Repairs, Projects and Capital is revised throughout the year as priorities change. Projects and purchases may or will be deferred or brought forward. Only the projects and expenditures for calendar 2019 have been approved by the CSA Board of Directors. Years 2020 through 2025 are not budgeted, are simply a tool for planning and not considered to be a schedule of projects and/or expenditures to be completed within a specific time period. Future amounts are rough estimates based upon historical prices and are not established contracted costs.
