

CRITICAL INFRASTRUCTURE UPDATE

Lighthouse Lane Infrastructure Improvement Project: Phase 2 & 3

- **Infrastructure Work:**
 - Stormwater drainage upgrades and replacement
 - Roadway resurfacing
 - Curb and Sidewalk Replacement

Lighthouse Lane Infrastructure Improvement Project: Phase 2

Lighthouse Lane Infrastructure Improvement Project: Phase 3

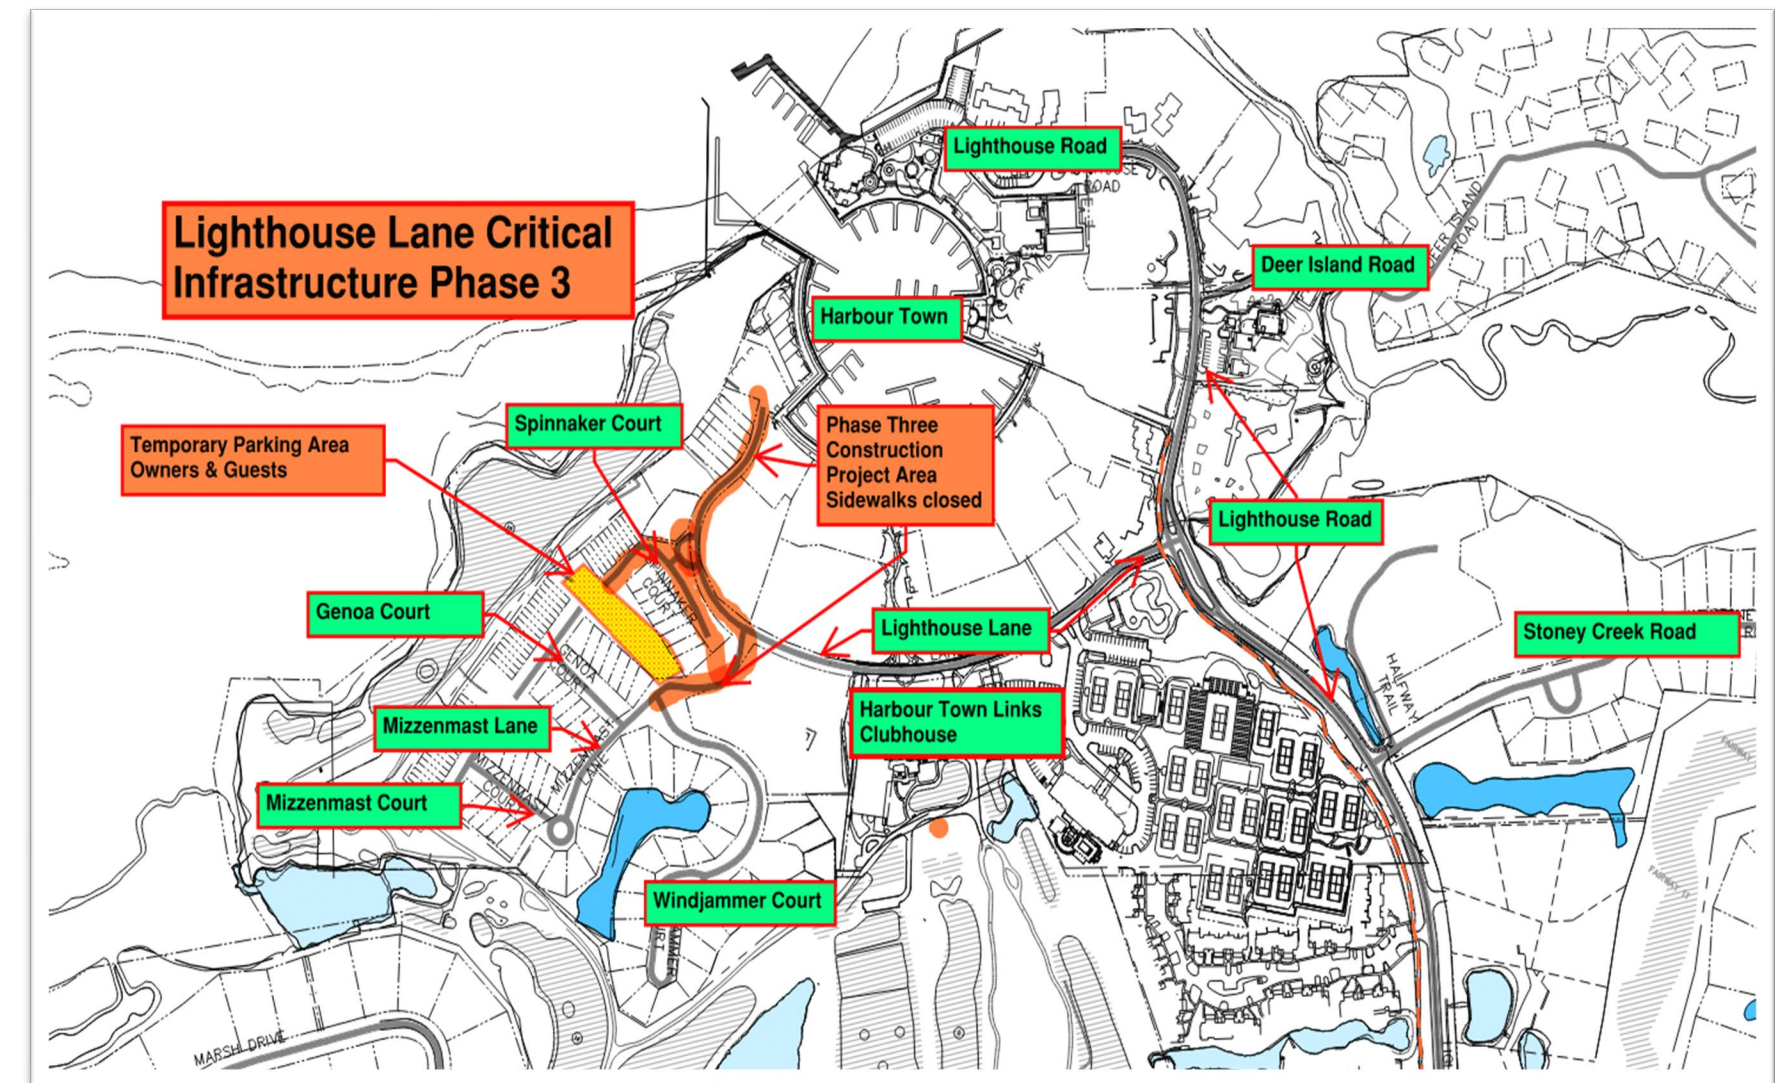

Estimated to continue through March 2025

Project Work Zones will Include:

- Lighthouse Lane (from Mizzenmast Lane to #47 Lighthouse Lane)
- Mizzenmast Lane (from Lighthouse Lane to intersection of Windjammer Court)
- Spinnaker Court

Project Work will Include:

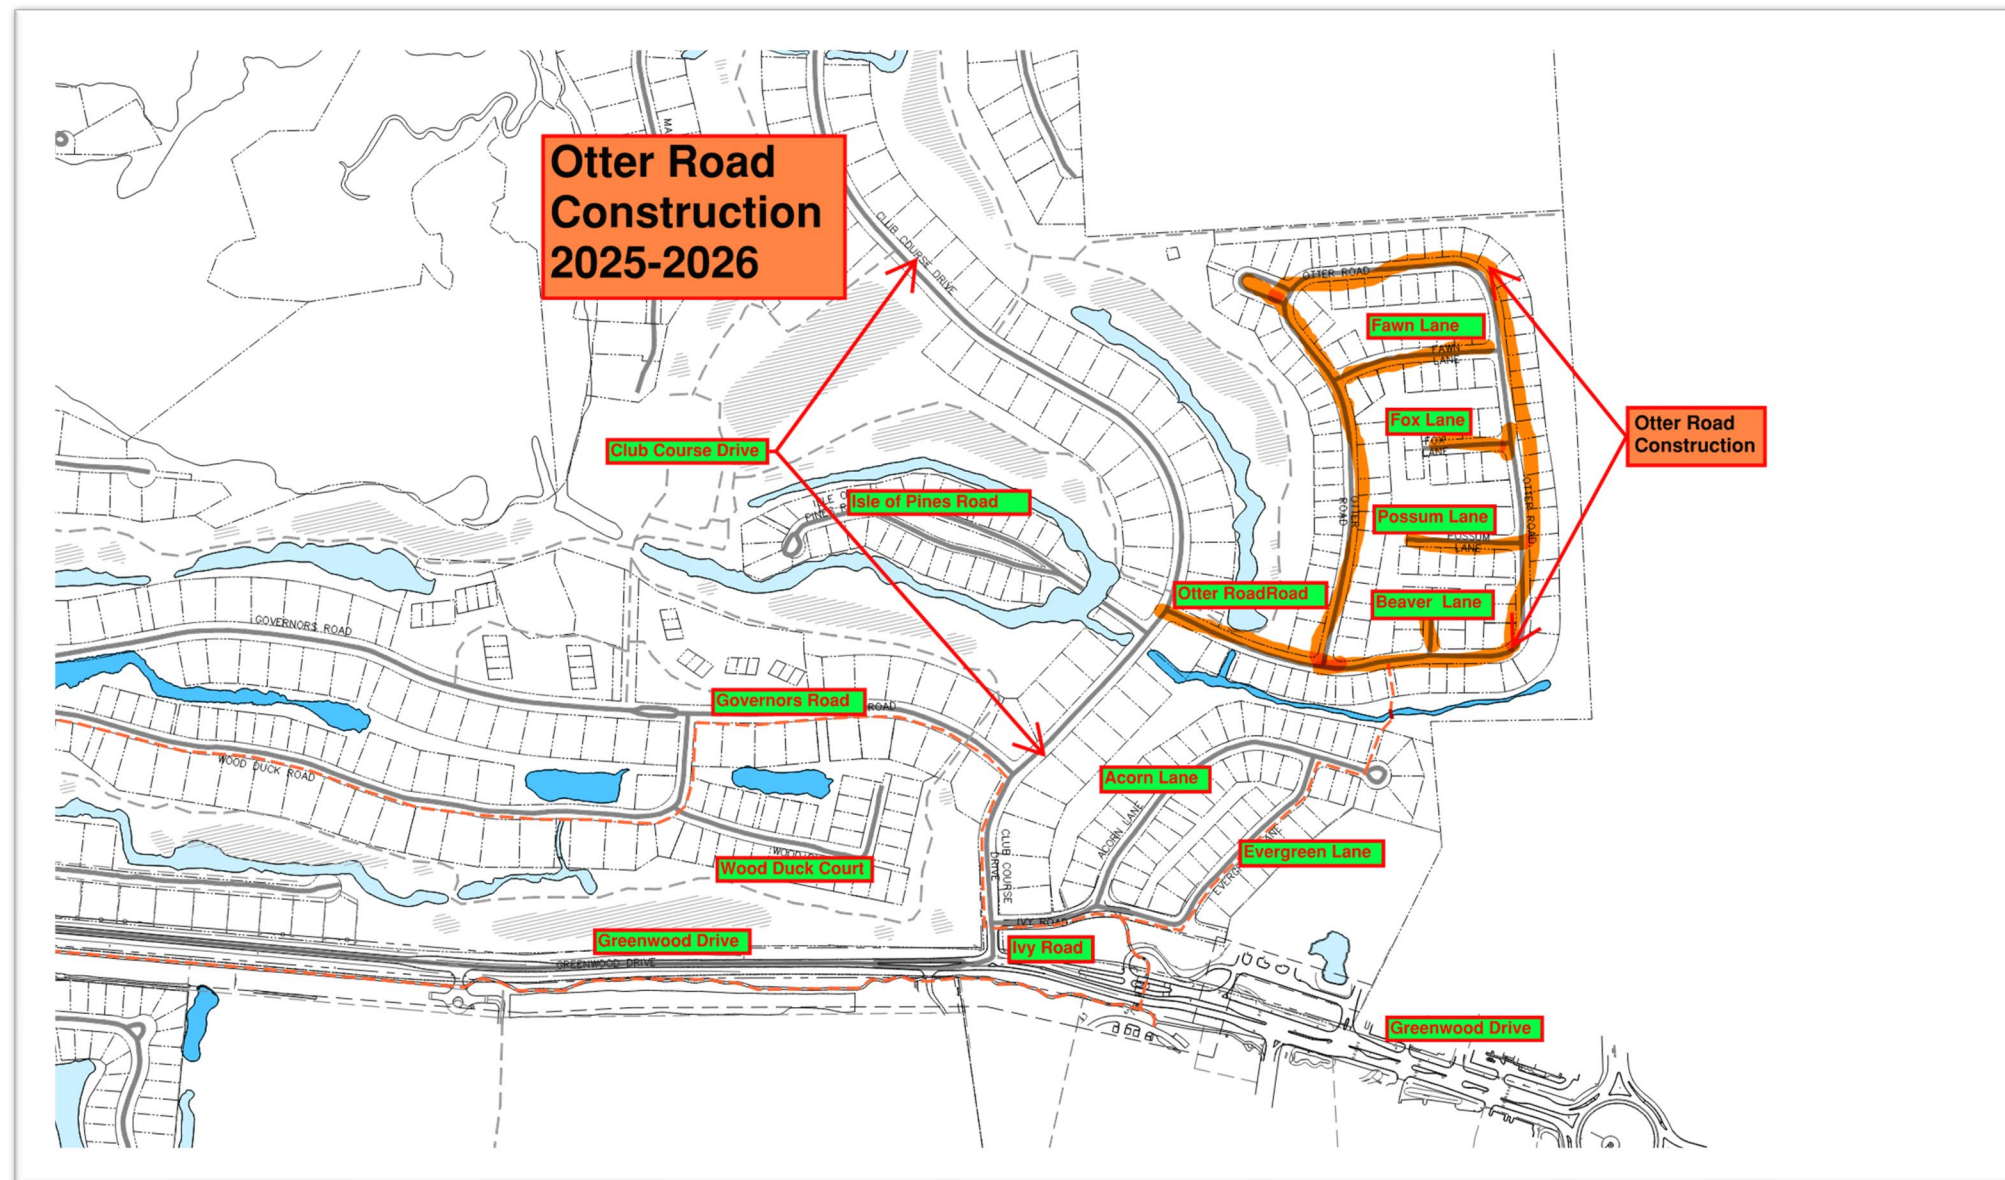

- Surveying and underground utility mark outs. Please do not remove any staking or utility markings.
- Stormwater drainage upgrades: Excavation and replacement of the stormwater drainage system including pipes and catch basins.
- Well-pointing and dewatering operations (lowering groundwater levels to provide more stable working conditions). Overnight dewatering will be required utilizing pumping systems.
- Roadway repairs.
- Roadway signage installation, tree work and minor landscaping.

Lighthouse Lane Infrastructure Improvement Project: Phase 3

Otter Road Improvement Project – FALL '25–SPRING '26

Project Work Zones Include:

- **Otter Road, Beaver Lane, Fawn Lane, Fox Lane, Possum Lane**
 - Leisure trail from Acorn timber bridge to Otter Road
 - Storm Water Ditches within Otter Road

Project Work along Otter Road and Lawn Lane Includes:

- Tree work and brush clearing.
- Stormwater ditch cleaning and grading.
- Stormwater drainage upgrades: Excavation and replacement of the stormwater drainage system including pipes and catch basins.
- Well-pointing and dewatering operations (lowering groundwater levels to provide more stable working conditions) will be in place.
- Roadway resurfacing and repairs. Curbing installation in select areas.
- Due to the nature of major infrastructure construction work, planned and unplanned water or utility outages in the project work zone may occur. This includes possible water, sewer, internet, telephone and power interruptions.
- Please be aware that construction noise will occur in the project zone throughout major construction activities.
